CAUGHT IN THE ACT
Jen smiled broadly during a June 10 shopping excursion, while Ben was all gloom and doom — until he checked out an assistant's assets.

BEN & JEN

FAKING IT FOR THE CAMERAS

AMID RUMORS OF A SEPARATION, BEN AFFLECK AND JENNIFER GARNER ARE TRYING TO SHOW THEY'RE SOLID — BUT THE PUBLIC'S NOT BUYING IT

When the going gets tough, the tough get photographed. Ever since *OK!* revealed that **Ben Affleck** and **Jennifer Garner** have all but called it quits on their marriage, the usually press-shy couple have made a point of going out together, with their adorable tykes in tow. Trouble is, they're not fooling anyone. "He is always glowering, and she tries to smile, putting a brave face on everything," says a source. But when the paparazzi aren't around, Jen, 43, "is absolutely miserable." So is 42-year-old Ben, but he can't hide it — or he isn't bothering to. "As usual," says the insider, "they aren't on the same page!"

TOTALLY OUT OF SYNC

Though both stars remain devoted to their children, **Violet**, 9, **Seraphina**, 6, and **Samuel**, 3, a number of issues have driven a wedge in their relationship over the years, including their very different personalities (Jen's more of a homebody; Ben likes to roam) as well as Ben's gambling and rumored affairs. On June 10, the strain was all too apparent when Ben and Jen were out shopping with Seraphina, a young pal of hers and an attractive blonde assistant gussied up in sky-high heels. "It was a bizarre situation," says an eyewitness. "Ben looked really upset, like he didn't want to be there, and he was paying more attention to the leggy blonde than to his wife. He spoke mostly to her and barely made eye contact with Jen." The couple left separately — a car picked Jen up, while Ben went off with the kids and the assistant. "They didn't even say good-bye to each other!" adds the onlooker. Through it all, Jen "smiled and acted like nothing weird was going on."

Jen hopes their public appearances "will make everything look amicable — She doesn't want people to feel sorry for her," says the insider. "But it's obvious that they're both very unhappy." OK!

HOPE'S HISTORY OF VIOLENCE

U.S. soccer goalkeeper **Hope Solo** may be a hero on the field, but as the World Cup heats up, shocking new details about her 2014 domestic violence arrest are threatening to overshadow any of her athletic feats. After the disturbance on June 21, 2014, Hope was booked for assaulting her half sister, **Teresa Obert**, and Teresa's teenage son. Those charges were then mysteriously dismissed in January, and Hope promptly went on TV to claim that she was the victim.

But on June 7, ESPN's *Outside the Lines* revealed that the station had obtained documents in which authorities describe Hope as the "primary aggressor" in the attack. The unearthed docs also note that the athlete was "going crazy and hitting people" in a drunken rage and had to be wrestled to the ground by cops as she screamed, "If the handcuffs were off, I'd kick your ass." She then insulted an officer who asked her to remove her necklace by telling him the jewelry was worth more than he made in a year.

An insider tells *OK!* that this account of the soccer star's temper is nothing new. "Hope has a dark side, and when she lashes out, everyone knows to get out of her path," says the source. (It's also not the first time Hope has been embroiled in a domestic violence case: In 2012 she wed former NFL star **Jerramy Stevens** the day after he was released from jail for allegedly assaulting her.) "Hope can go from happy to mad in two seconds," adds the source, "and things can quickly turn ugly for everybody."

Teresa said she felt as if she'd been "kicked in the head" when Hope claimed to have been attacked by her son.

Hope was charged with two counts of domestic violence for her actions in June 2014.

ASHLEE PREGNANT AND PARTYING

The L.A. club scene is bumping — literally — thanks to **Ashlee Simpson**'s continued patronage. The pregnant star, who also shares custody of 6-year-old son **Bronx** with her ex **Pete Wentz**, was recently caught partying at Warwick lounge and The Sayers Club in the same week. Now a source tells *OK!* that Ashlee has been adamant about not letting impending motherhood disrupt her social calendar, especially when it comes to hitting the town with hubby of 10 months **Evan Ross**. "Ashlee and Evan made a promise to each other that they want to keep their marriage fun and exciting," reveals the insider. "So even though she's heavily pregnant, she loves tagging along with him. She doesn't drink and is taking good care of herself." Still, with her due date fast approaching, this "cool mom" may want to start exploring some all-ages venues!

A source tells *OK!* that Ashlee, who is expecting a girl, was excited to show off her bump to everyone at The Sayers Club on June 2.

KYLIE SNUBS FANS!

Her sister **Kendall** may be the supermodel, but **Kylie Jenner** is the one with the super-sized ego! A source tells *OK!* that fans hoping to meet the reality star at the sisters' event at The Grove in L.A. on June 3 were shocked by her rude behavior. "Kylie made no effort to interact with her fans," reveals the eyewitness who attended the launch of the Kendall + Kylie at Topshop collection. The youngest of the Kardashian clan reportedly snapped one or two photos for her social media accounts before retreating from the crowd and refusing to participate any further. "She acted like a mannequin and went inside long before Kendall was done mingling with their fans," says the spy. Kylie's attitude certainly didn't go unnoticed, though. Adds the source: "People started shouting, 'You're lame, Kylie!' "

"Fans were stunned that Kylie refused to sign autographs," says the source.

KIM MOVING IN WITH KYLE!

After years of ups and downs, are these two squabbling sisters finally settling their feud? Amid reports of **Kim Richards** losing her pricey rental in California's San Fernando Valley, an insider tells *OK!* that **Kyle** is open to having her older sibling move into her home once she completes her stay in rehab. "It's no secret that their relationship has been strained due to Kim's battle with substance abuse, but Kyle would never let her sister be homeless," says a source. However, if Kim decides to take her up on the offer, she would be expected to live under Kyle's house rules. "If anyone so much as second-guesses Kim's sobriety, she'd have to go," admits the insider. Another setback for Kim would be parting with her pit bull, who attacked Kyle's daughter last year. "That dog is not welcome anywhere near the house," adds the source. Now it's just up to Kim to decide whether to accept her sister's no-pit policy.

Kim reportedly can no longer foot the bill for the house featured on *The Real Housewives of Beverly Hills*.

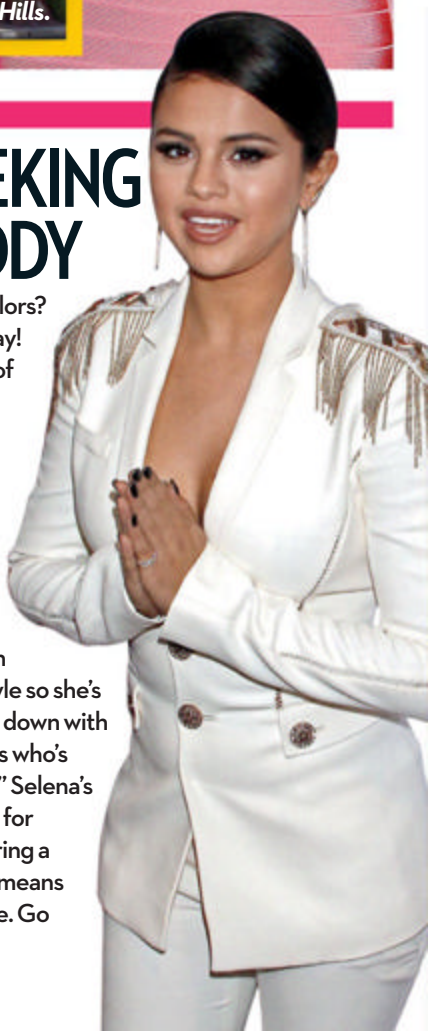

OPRAH EYEING CAITLYN

From a couch-jumping **Tom Cruise** to a weepy **Lance Armstrong**, **Oprah Winfrey** has had plenty of blockbuster celebrity guests. However, an insider tells *OK!* that the queen of confessional TV considers **Caitlyn Jenner** the one that got away! "Oprah thought she was the natural choice to interview Bruce about his transition, so she was upset that he went with **Diane Sawyer**," dishes the source. But now that Caitlyn has revealed her new look, Oprah is hoping to score her own special. Adds the source: "Oprah would love to do a 'day in the life' segment, but ultimately she would agree to any terms Cait asked for."

SELENA SEEKING SUGAR DADDY

Know any older, eligible bachelors? Send them **Selena Gomez**'s way! Insiders say that after a string of box-office bombs and a stalled music career, the 22-year-old is on the hunt for a man who can support her. "Selena is realizing that this could be the beginning of the end in terms of a career in the entertainment industry," says a source. "But she's gotten used to living a high-end lifestyle so she's starting to think about settling down with someone in his 30s or early 40s who's mature and could pay her way." Selena's also more than willing to travel for Mr. Right. "She's even considering a short move home to Texas if it means finding a man," adds the source. Go get 'em, girl!

REBEL & ANNA

OFF-CAMERA DRAMA

They may sing each other's praises in interviews, but a source says the *Pitch Perfect 2* costars can't stand each other.

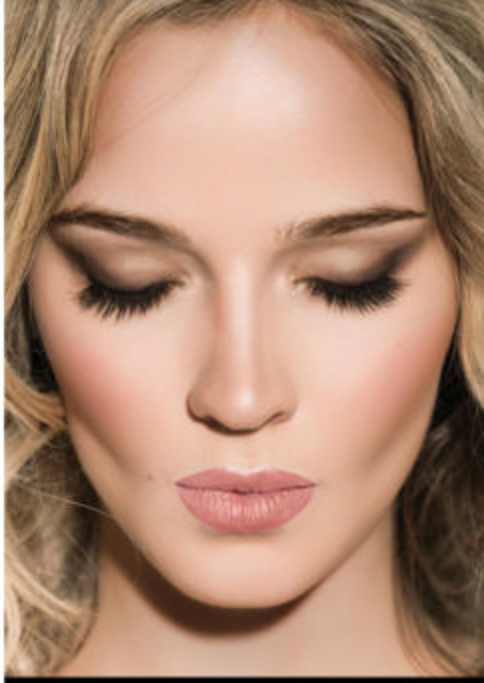

They may pair well on screen, but don't expect **Rebel Wilson** and **Anna Kendrick** to be in perfect harmony when the cameras stop rolling! An insider reveals that the *Pitch Perfect 2* stars are not particularly fond of each other. "They're very different people and just never hit it off," says the source. "Rebel finds Anna prissy and stuck-up, and Anna thinks Rebel is annoying." In fact, while Rebel's dry sense of humor has earned her a huge fan base, Anna is far from impressed. "She thinks Rebel should try harder when it comes to her jokes," adds the insider. "Anna finds them cheesy and rude." Despite the girls' hard feelings, fans shouldn't expect them to take their behind-the-scenes beef public. "They are great at putting on a united front because that's what they are being paid to do," dishes the source. Well, talk about two Oscar-worthy performances!

JEN'S HUGE BOTOX BILL

Jennifer Aniston may be known for her stance against cosmetic work, but it looks as though she's changed more than just her attitude! Although her rep denies it, a source reveals that the actress is racking up nearly $3,000 a month on Botox and fillers. "Jen was always careful not to do anything drastic, but she realized that her regular routine just wasn't cutting it anymore," says the source. "She doesn't want to miss out on her dream role because she looks too old." It's certainly a change from last year, when Jen admitted she was shocked by how far women go to remain ageless. "I am grateful to learn from their mistakes, because I am not injecting s*** into my face," she said. "They are trying to stop the clock, and all you see is an insecure person who won't let themselves just age." Bet that sounds a little harsh now, Jen!

A source claims Jen is obsessed with Botox, despite the fact she's said fiancé Justin Theroux would "put a gun to my head if I touch my face."

COUPLES NEWS

The pair have been inseparable over the last few weeks — attending a concert, going on a lunch date and making grocery runs.

Andrew & Emma

ENGAGED!

Andrew Garfield has said that the moment he met **Emma Stone**, on the 2010 set of *The Amazing Spider-Man*, it was like he "woke up." After the couple of nearly four years took a break in the spring, it seems he had another wake-up call — and their engagement is back on! "Time away from Emma made Andrew realize she's the one he wants to make a life and a family with," a source tells *OK!*.

Indeed, the 31-year-old actor seems to have babies on the brain. On June 2, he told an interviewer, "I have a longing to be a father myself. A dad is something I'd love to be at some point." He's obviously eager to get started — and after a moment's hesitation following reports he'd cheated on her on the Taiwan set of *Silence* earlier this year, Emma, 26, is as well.

"When they reunited, Emma told Andrew she needed to take things slowly to rebuild trust, but the truth is, she's so happy to be with him again," the source says. "She missed him so much when they were apart. He's her best friend, and she can't imagine her life without him." The insider adds that Andrew knows how lucky he is to be forgiven: "Ultimately, the break opened their eyes to what's important."

On June 4, Gigi and Joe snuggled at the Bowery Hotel bar in NYC.

Gigi & Joe
IT'S ON

Despite claiming to just be friends, in the past few weeks **Gigi Hadid** and **Joe Jonas** have been spotted looking very cozy together in L.A., Toronto, Montreal *and* New York City — and now a source confirms to *OK*! that their relationship is indeed heating up. "They're inseparable right now," the insider says. "Things have gotten serious pretty quickly." The 20-year-old model, who announced her split from **Cody Simpson** on May 9, was spotted just days later grabbing lunch at Cheebo in L.A. with Joe, 25 (to whom she'd previously been linked last September). But Gigi's pals aren't sure this rebound is the best move. "Joe's only five years older than Gigi, but he's had at least a decade more in the Hollywood spotlight," the insider explains. "Gigi's friends are happy for her, but they're worried that if she can't keep up, he'll ditch her."

Bradley and Irina were first seen together in April.

Irina's
SHADY PAST

Is **Irina Shayk**'s bio — from Russian coal miner's daughter to Givenchy catwalker — a true rags-to-riches tale, or did a few deep-pocketed lovers help her along the way? On June 4, Spanish newspaper *El Mundo* reported that the model had an affair with disgraced ex-FIFA president **Sepp Blatter**, 79, a claim she's since denied. But in May her former modeling agency publicly called Irina, 29, out for bailing on a job so she could run off with a wealthy, older businessman! Now, a source says Irina's questionable past has her new beau **Bradley Cooper**, 40, worried. "He's trying to ignore it all, but he doesn't want to be used," the insider says. "He's realizing she likes rich guys." (Before Bradley, Irina dated soccer star **Cristiano Ronaldo**, 30, who's worth $250 million.) The source adds: "Fact is, they've only been dating a few weeks and don't really know each other."

Lance to Andy:
STOP BLABBING!

Andy Cohen isn't afraid to kiss and tell — and it's hurting **Lance Bass**' marriage! On May 5, the *Watch What Happens Live* host, 47, confessed in a taped special to having slept with Lance, 36. The *NSYNC star denied it on May 7, saying they'd only locked lips in 2007, and adding, "Sex is a broad term." But a source says Lance is just covering his tracks with husband **Michael Turchin**, 28. "They revealed all their past lovers before marrying, and Lance failed to mention Andy," the insider says. "Now Michael doesn't trust him."

Michael and Lance wed in a December 2014 E! televised special.

Harry & Cressida

SECRETLY ENGAGED

Not only are **Prince Harry** and **Cressida Bonas** back together... they're planning to tie the knot!

The pair were all smiles at a charity concert at London's Wembley Stadium last March. And now they're back on track!

For years, **Prince Harry** has played the role of irrepressible scamp, getting up to all kinds of outrageous antics while his responsible older brother, **Prince William**, proceeded to marry and have children. But in a recent interview, the 30-year-old royal admitted that he's finally ready to start a family of his own. "There comes a time when you think, 'Now is the time to settle down,' " he said. "I'd love to have kids right now, but there's a process that one has to go through."

Now it appears that Harry is actually much farther into that "process" than he's been letting on: According to a palace source, the prince got back together with his former girlfriend **Cressida Bonas** a few months ago... and they're secretly engaged!

THEIR REUNION

"They rekindled their relationship in March," the source says, adding that given their on-again, off-again history, "they were determined to keep it to themselves for as long as possible, so they could have a bit of privacy while they were getting used to each other again." Things have gone well enough, though, that they're preparing to take the next step. "They've never been happier together," the source says. "Cressida says he's the love of her life."

A BUMPY ROAD

The pair first began dating in early 2012, after being introduced by Harry's cousin **Princess Eugenie**, a friend of Cressida. But they broke up two years later in April 2014, amid reports that the 26-year-old

Y D!

The pair will likely take an apartment in Kensington Palace.

A (COMPARATIVELY) MODEST PROPOSAL

Because Harry is the spare (rather than the heir), he has a lot more leeway in terms of how he lives his life than his big brother does. One example, according to an insider? His eventual wedding will likely be half the size of William's, clocking in at 1,000 guests rather than 2,000. "He's not the future king," the insider explains, "so he doesn't have to include so many foreign royals and dignitaries."

Once wed, the happy couple will probably move into Kensington Palace in West London, rather than choosing a country estate like Will's Anmer Hall. "It's closer to their friends and more convenient for work," the source says. Also, notably, "It was Diana's haven. Harry would draw strength from being there."

Harry's wedding will be more like his uncle Andrew's than his brother's.

aspiring actress felt stifled by the attention that comes with dating the world's most eligible bachelor. (One example: Cressida's unusual affection for the '90s-era hair accessory known as a "scrunchie" made worldwide headlines.)

But they were never able to stay apart for very long. In September, Harry and Cressida were spotted seeing a movie together — the **Cameron Diaz**–**Jason Segel** comedy *Sex Tape* — and they continued to make a point to support each other's professional endeavors too: She attended the concert finale of the Invictus Games, a sporting event Harry organized for injured military personnel and veterans, while he's made sure to see every play in which she's starred this year, including a March production of *The Importance of Being Earnest* and her current one-woman show, *An Evening with Lucian Freud*, which he was seen sneaking into just before curtains rose.

Cressida understands now that if she wants to be with Harry, she'll have to put up with the paparazzi.

ALWAYS AN ALLY

Cressida's unwavering support and genuine affection for Harry (and not for his title), even during their breakup, was very compelling to him. "Their time apart really brought home to him how perfect she is for him," the source says. "It took him a while to understand it, but he knows now that Cressida is the only one for him."

Surprisingly, it was Harry's sister-in-law, **Duchess Kate**, who encouraged him to try again with Cressida. "She's his confidante when it comes to women, and they had a heart-to-heart," the source says. "She told him that he needed to stop being scared to settle down and to follow his heart. Now that he has, he's determined not to let her go again."

LOVE AT LAST

Cressida feels the same way, it seems, so she's made peace with the fact that marrying Harry means she'll need to withstand a little extra attention. "It's important to remember that it's all noise, noise that can be loud at times," she said in an interview shortly after they reunited. "I'm not tough, but I am strong. I'm not a wallflower."

Indeed, the success she's having in her acting career — which has been on the upswing over the past year — may have made her realize that all her

Triple Takes: Harry's Exes

Chelsy Davy

Harry was also on and off with his first love, the Zimbabwe-raised heiress Chelsy, 29. Like Cressida (at first), Chelsy had reservations about a palace life.

Florence Brudenell-Bruce

His relationship with Florence, 29, was brief (and, again, on-and-off). The leggy aristocrat, who has worked as a model and actress, ended up marrying someone else in 2013.

Camilla Thurlow

Camilla — a 26-year-old brunette (!) — briefly captured Harry's attention last summer. But the former Miss Edinburgh couldn't make him forget his darling Cressida.

"HARRY JUST WANTS CRESSIDA TO BE HAPPY"

dreams involve the spotlight, so she might as well be with the man she loves. And it's helped immeasurably that she's managed to find work without him, which has boosted her confidence, and that he's pledged to support her career going forward, despite the fact that it bucks royal protocol. "The queen is not thrilled about Cressida's career, because princesses have royal duties to attend to that should be priority," the source says. "But she gave her blessing to the engagement because she wants Harry to settle down and have a family."

Happily, Cressida's passion for the stage is apparently the only thing about her that's given the royals pause. "William and Kate like her, **Prince Charles** and **Camilla** adore her, and **Prince Andrew** and **Duchess Fergie** consider her one of their own, thanks to her friendship with their daughter," the source says. "Cressida has brains, beauty and breeding; she's perfect for Harry in almost every way."

And he knows it. As he said in that same recent interview, perhaps unintentionally tipping his hand, "I'm doing all right by myself. [But] it would be great to have someone next to me to share the pressure." OK!

THE WILD ONE

During a 2012 trip to Vegas, Harry let it all hang out!

One thing is certain: Harry has had no shortage of opportunities to sow his royal oats. (These shots, from his infamous 2012 trip to Las Vegas — during which he played "strip billiards" in a hotel suite, were certainly memorable, but they're hardly singular.) However, the source insists that he is ready to put that all behind him: "He's pretty much got all the partying out of his system and is ready to live a more quiet life." In fact, the source notes, his past antics have actually made him more ready for marriage: "He spent so many years going crazy that he won't feel as though he's missing out."

TAYLOR VS. KENDALL

BATTLE OF THE IT GIRLS

IT'S AN ALL-OUT WAR BETWEEN FORMER PALS **KENDALL JENNER** AND **TAYLOR SWIFT**

Best frenemies? Taylor and Kendall in December 2014.

They're beautiful, they're famous, they have a megaglam, overlapping circle of friends — and they're completely at odds. **Taylor Swift** and **Kendall Jenner** have made nice in the past as their paths have crossed on the road to fame, but sources say the pop star and high-fashion model have slowly but surely morphed into frenemies. "They can't stand each other," says a close inside source. "It's become a silent war between them." Will they resolve to shake it off... or is there some serious bad blood brewing?

GIRL CODE

Just last December, Kendall and mutual pal **Gigi Hadid** spent the night at Taylor's NYC apartment for a girls-only slumber party; the next day, they gave Gigi's downtown pad a Christmas makeover, stringing lights and toasting the season. It seemed that if they had to be away from their families during the holidays, Taylor, 25, and Kendall, 19, were more than happy — giddy, even — to come together as each other's makeshift family.

But sources say that tensions between the two It Girls had been simmering for a while. Taylor's 2014 hit song "Shake It Off," about summoning the will to ignore her haters and ex-boyfriends, was said to include a thinly veiled reference to Kendall — who dared to date heartthrob **Harry Styles** after he reportedly cheated on Taylor. "My ex man brought his new girlfriend," goes the lyric. "She's like, 'Oh my God!' I'm just gonna shake...."

Says an insider, "Harry's always been the biggest issue between them. Taylor thinks it was completely disrespectful for Kendall to be hooking up with Harry after he broke Taylor's heart."

Adding to Taylor's distrust has been Kendall's friendship with **Justin Bieber** — who famously turned his longtime girlfriend, Taylor's BFF **Selena Gomez**, into a puddle of confused, devastated, heart-wants-what-it-wants tears. The source says Taylor believes Kendall came between Justin and Selena — even as Kendall buddied up to Selena and acted like her friend and confidante.

"Taylor thinks that Kendall can't be trusted," says an insider. "And she's warning her friends to stay away."

BOY TROUBLE
Kendall's been casually linked to Harry Styles and Justin Bieber, but sources say even a nibble of forbidden fruit is enough to spark Taylor's wrath. "Taylor's always going on about loyalty and how important it is to her," says a source, who adds, "Tensions have been mounting for a long time."

TAKING SIDES

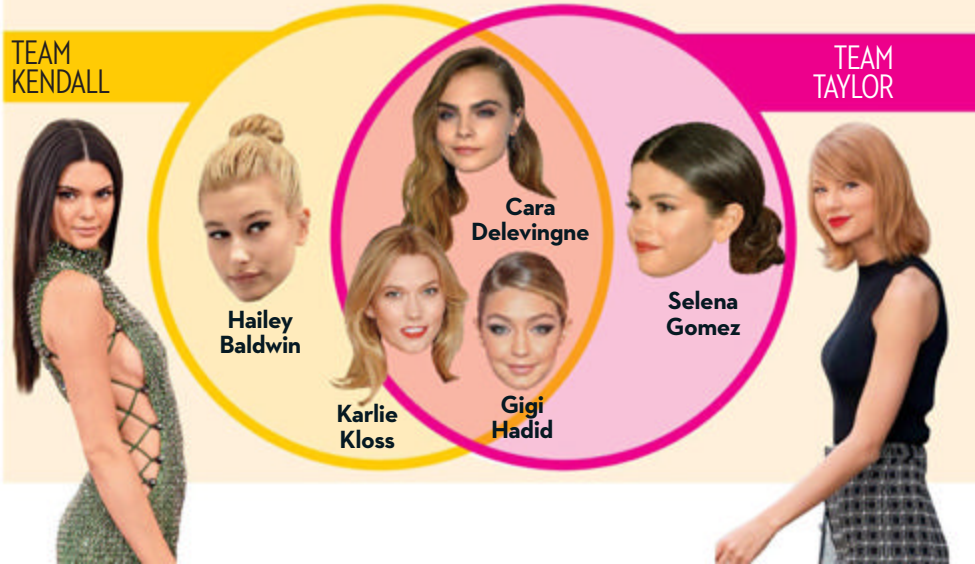

Taylor has developed a reputation for spearheading superinclusive girl-bonding events with all her many famous besties — which is why Kendall's absence from Taylor's star-studded "Bad Blood" video didn't go unnoticed.

The song was widely reported to be about her ongoing feud with fellow pop star **Katy Perry**. Taylor gathered her entire crew — including Selena, **Ellie Goulding**, **Hailee Steinfeld**, **Lena Dunham** and her model friends Gigi, **Cara Delevingne**, **Karlie Kloss** and **Lily Aldridge** — to play her bullet-wielding soldiers, united against "bad" friends and defectors... among whom Kendall is now included, since declining the offer to make a cameo. Says a source, "She could have participated, she just decided not to. Taylor thinks she's been nothing but supportive of Kendall, introducing her to lots of influential people, but Kendall's so consumed with herself, she doesn't have time to reciprocate."

But sources say Kendall doesn't feel she owes Taylor anything — and is over her mob-boss mentality. "Kendall thinks Taylor's too full of herself and a control freak," says an insider. (Exhibit A: Ellie recently deleted an Instagram pic of her partying with Katy after fans questioned her loyalty to Tay.) "She thinks Taylor plays people against each other. She's happy to steer clear of her mean-girl games." OK!

"I feel amazing," Melissa's said about losing 50 pounds. "I stopped over-analyzing [it]."

THE ROAD TO LEAN AND SERENE

Melissa McCarthy, 44, admits she piled on the pounds during her two pregnancies (in 2007 and 2010). "If I wanted a piece of toast, I'd have one," she said. But gradually she embraced a low-carb, high-protein diet and exercise plan including Pilates and tennis – with smashing results. "She started with baby steps, and I like that," says Richard Giorla, a celebrity trainer and founder of Cardio Barre. "Tennis burns maximum calories, and Pilates gives stretch and core strength."

WHAT YOU CAN DO: High-protein foods – egg whites, tuna or hummus, eaten with veggies – "will kick-start your nutrition," says Richard, who also advises splitting a meal when dining out and using small plates at home. For Pilates-inspired toning moves, he favors plié squats and bridges ("100 reps – until it burns!").

BYE-BYE, DAD BOD

Adam Sandler, 48, has shed his spare tire – but not the way you might think. "You don't get abs from doing a lot of abdominal [exercises]," says celebrity trainer Duffy Gaver, who's worked with Adam in the past, sending him on six- to eight-mile runs and doing weight training. "What strips that layer of fat off your body is eating right and burning calories." Adam's cardio workout of choice lately? Pickup basketball!

WHAT YOU CAN DO: "Make the bulk of your food vegetables and lean protein," says Duffy. "Starting your day with a Frappuccino isn't going to work. Stop eating late, and focus on portion control – eating more slowly and chewing your food more. You'll feel satiated longer."

NOW
Adam's estimated 10-pound weight loss wasn't big, but it targeted the right area.

ZERO TO HERO

Chris Pratt has remade himself into an action star — and an Ironman triathlete! To transform from his former doughy, 300-pound self, the 36-year-old actor aced a three-level workout plan with Duffy: getting disciplined with diet and putting on muscle with old-school body-building; metabolic work like sprints and pull-ups; and finally longer, nonstop conditioning sessions using lighter weights.

WHAT YOU CAN DO: Seeing a nutritionist along with a trainer, as Chris did, "helps because they'll back each other up," Duffy says. "If I say you should eat chicken, broccoli and brown rice, and the nutritionist refines your diet a bit more but says the same, it reinforces what you're learning."

NOW Chris lost 60 pounds in six months for *Guardians of the Galaxy*.

NOW Lena's dropped more than 25 pounds on a new diet and fitness regimen.

LENA DUNHAM INSTAGRAM/FACEBOOK

FITTER AND FIRMER

Never shy about showing off her shape, **Lena Dunham**'s now happier than ever to do so! The *Girls* creator, 29, is doing the Tracy Anderson Method workout (à la **Gwyneth Paltrow**), and using meal-delivery service Sakara Life, which focuses on plant-based protein and fiber and "doesn't count calories or carbs," says founder Danielle DuBois. A typical day's dishes include a stone-fruit-and-kale salad and a bowl of vegetables, beans and rice with avocado dressing.

WHAT YOU CAN DO: Lena's workout emphasizes light weights and high reps. Celebrity trainer Joey Gonzalez, partner at Barry's Bootcamp, recommends doing biceps curls using three- to five-pound weights and flying lunges (in lunge position, jump up and switch legs) while holding two-pound weights.

DUGGARS FREEZE JOSH OUT

There were movers at Josh's house in Maryland on June 9 — but no Duggars. Jessa and Jill sat for an interview, but their chances of a spin-off show are damaged.

AS SCANDAL FRACTURES THE ONCE TIGHT-KNIT FAMILY, **JOSH DUGGAR** HAS BEEN LEFT OUT IN THE COLD

Forgiveness has its limits, apparently. While publicly the Duggar family are standing by eldest son **Josh** in the wake of his molestation scandal — citing "teenage mistakes" they made peace with long ago — behind the scenes it's a very different story. "Josh is the reason the gravy train came to a screeching halt," says an insider of the clan's reality show, *19 Kids and Counting*, which has been pulled from the TV schedule. "He's ruined their main source of income, and they're furious."

FAMILY FEUD

One look at the lonely scene outside Josh's house in Oxon Hill, Md., in early June showed how far the 27-year-old has fallen out of his family's good graces. When he and wife **Anna**, 26, moved there in 2013 with their three children from the Duggars' home state of Arkansas, they had the aid of 27 relatives and friends. "Joshua's entire family helped us make the trek across the country," the couple wrote on their website. Two years later — after a disgraced Josh resigned his position with the Family Research Council, a Christian lobbying group — there were just two moving trucks packing for the trip back to Arkansas, where Josh bought a house in Siloam Springs earlier this year. "Anna is due to give birth to their fourth child in less than a month, and she needed helping hands more than ever," the source says. "But the family abandoned them, all saying they were 'too busy.' "

Though Anna has been outwardly supportive of her husband, "she and Josh are barely speaking," the insider adds. "Josh did tell her about his past before they were married, but he definitely downplayed it. Now she'll be stuck in Arkansas with the Duggars, all of whom blame Josh. She feels trapped." So should he: A job with the family automotive or towing businesses could prove difficult. Duggar patriarch **Jim Bob** "hasn't figured out what to do with him," says a source. "No stranded driver wants to see Josh pull up in a tow truck."

NO BROTHERLY LOVE

Perhaps most affected are sisters **Jill Dillard**, 24, and **Jessa Seewald**, 22, who revealed in a futile effort to defuse the situation that they're two of the four sisters Josh fondled when he was "a little too curious about girls," in Jessa's words.

"They were becoming the superstars of the family," says the source, and now they and their husbands, no fans of Josh, may move away to distance themselves from the scandal. "They're devastated — and terribly resentful of Josh." OK!

TAYLOR-ANN HASSELHOFF

"RICH KID" GETS REAL

THE DAUGHTER OF HOLLYWOOD ROYALTY RETURNS TO TV

They say, "Don't hassle the Hoff" — and **Taylor-Ann Hasselhoff**, the daughter of small-screen legend **David Hasselhoff** and actress **Pamela Bach**, is proving she's also a force to be reckoned with! The talented 25-year-old, who made headlines in 2007 for recording *that* video of her drunken dad eating a hamburger, is the newest member of E!'s hit reality show *#RichKids of Beverly Hills*. *OK*! caught up with Taylor-Ann to get her take on this season's drama, her side projects and growing up Hollywood.

Your family had a very short-lived reality show (A&E's *The Hasselhoffs*, which lasted two episodes) in 2010. Did you have any hesitation about getting back in front of the camera?
I know the producers can portray you how they want, and that's a little scary. But if you stay true to yourself, you can just hope that's how you'll come across.

Did your parents give you any advice?
My mom was worried at first because she didn't want me to get sucked into the drama. My dad just told me to be myself and ignore the bad comments.

Are you and your dad close?
Yes. He's a kid at heart, and he's always been more of a best friend than a dad. I'm actually working on a documentary with him, but there's always more I want to add. He'll come down in his robe and say something funny and I'm like, "Wait! I need to get my camera!"

You seem to be the most relatable of the #RichKids. Do you feel that way?
I've stayed pretty grounded, maybe because I was raised in L.A. and not Beverly Hills. I bring a different flavor to the show because I've had my hand in a few different ventures.

Tell us about your other projects.
I started a band with my sister six years ago, and now I'm going solo. You'll also see the launch party of the magazine that I helped get running. Hopefully, I'll be able to motivate others to go out there and fulfill their dreams.

What's your relationship status?
Right now I'm just enjoying dating and meeting different people.

Your castmate Roxy Sowlaty openly dislikes one of the guys you're dating.
He's amazing, so I'm not sure why she feels that way. I can't say too much about it, you'll have to tune in! *OK*!

Kim reportedly tipped the scales at 200 pounds while she was pregnant with North (right). Now she's sworn off junk food — and maybe even heels!

PREGNANT KIM'S HEALTHY NEW HABITS

EXPECTING BABY NO. 2, **KIM KARDASHIAN** VOWS TO DO THINGS DIFFERENTLY THIS TIME AROUND

When it comes to pregnancy, **Kim Kardashian** is hoping the second time's the charm! The 34-year-old reality star, who last month revealed she's expecting baby number two with **Kanye West**, 38, was notoriously criticized for her weight and sartorial choices while she was pregnant with **North**, 2. So it's no surprise she's modifying her expectant-mom game plan. "It's been a struggle for Kim to conceive, so she doesn't want the next six months to be spoiled by fat jibes and fashion faux pas," shares an insider. "She's in the driver's seat now, and she has her heart set on having a perfect pregnancy."

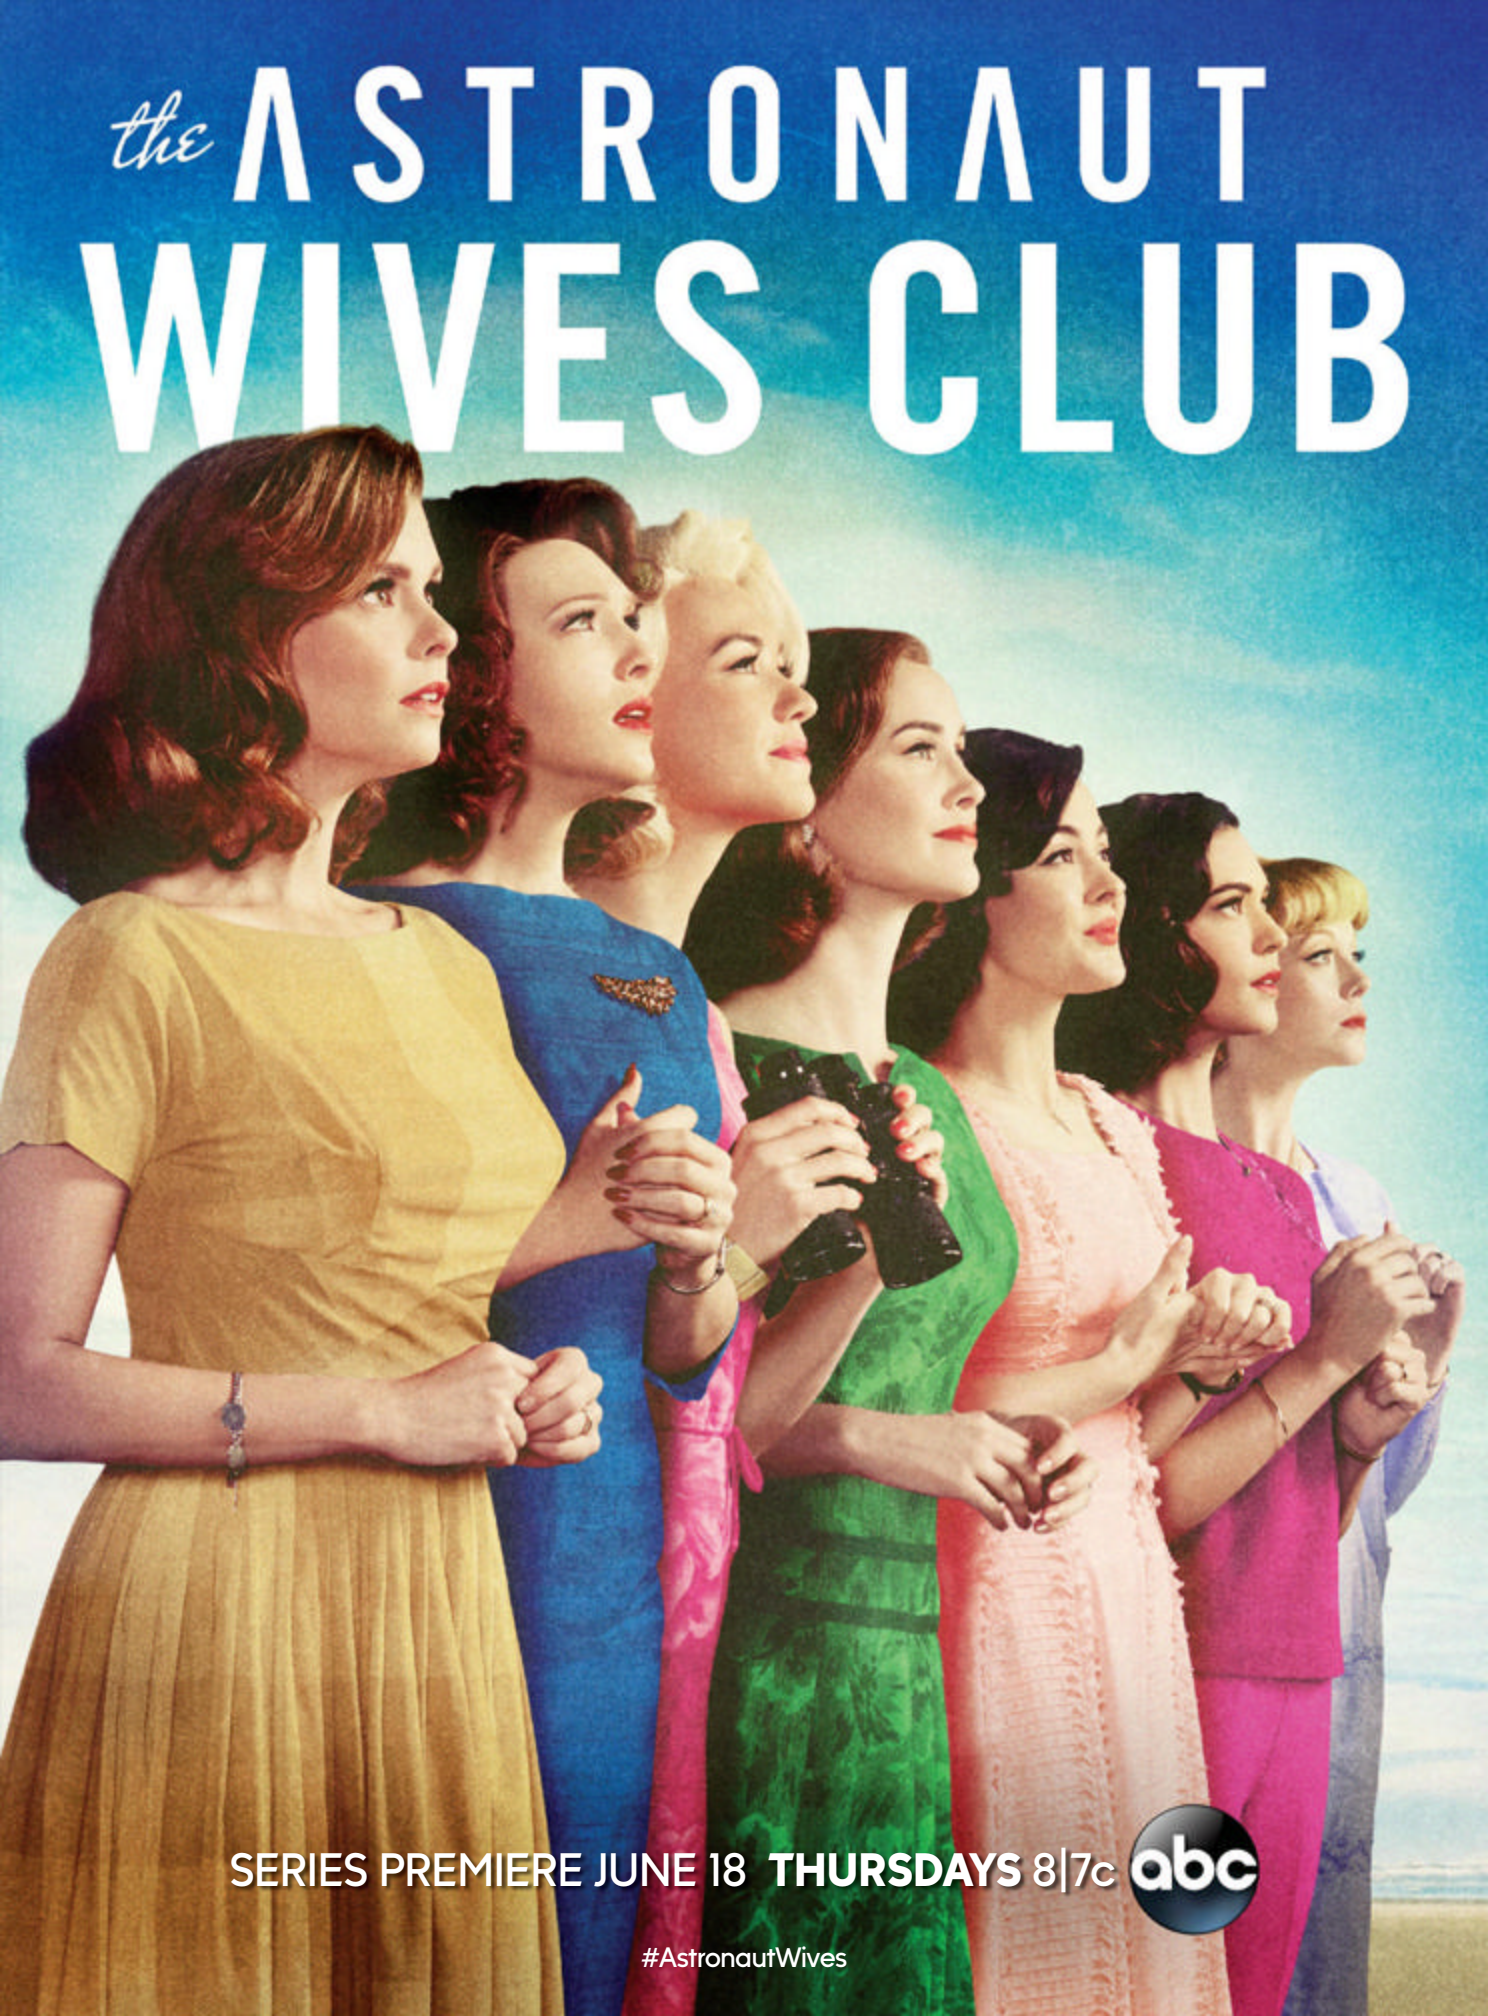

DITCHING THE DOUGHNUTS

While it's easy for women to let themselves go during pregnancy, no one was more surprised by Kim's weight gain than the star herself. "I got so huge, and it felt like someone had taken over my body," she said.

Now she's taking control by hiring a nutritionist to oversee her diet until her December due date. "The last pregnancy, I ate a doughnut every single morning," she's admitted. "That's not a good idea." A source adds that she's also taking a cue from her health-conscious sister **Kourtney**, 36, and following a nutrient-rich, organic diet. "Now Kim starts her day with a smoothie or steel-cut oatmeal," shares the insider. "Kourtney even taught her how to make coconut pudding to satisfy her sweet tooth."

EMBRACING THE BUMP

The biggest change for Kim this time around, though, is her attitude. "I'm going to try to enjoy this pregnancy more and relax with it," she said on June 2. That includes toning down her outfits. "Kanye had a big hand in what Kim wore last time, and she's realized not everything was flattering," adds the source. Still, she hasn't solved every style conundrum pregnancy presents. "I hate the way I look in flats, but heels can be hard," Kim admitted. "I'm already thinking, 'What am I going to do?' " Surely some custom Givenchy clogs are in the budget? OK!

PHOTOGRAPHY, FOOD STYLING AND PROP STYLING: JR STON

Michelin-starred chef **Gordon Ramsay** – who runs more than 20 restaurants, including an eponymous steak house in Las Vegas – knows how to cook a good steak. So who better to offer tips as grilling season heats up? No matter the cut of meat, Gordon's advice has you covered. "Gas is easier, but charcoal brings out flavor," says the *MasterChef* judge. And never use a straight-from-the-fridge steak: "A room-temperature cut will cook more evenly and get great grill marks." Happy grilling!

TUNE IN *MasterChef* airs Wednesday nights at 8 PM ET on Fox – and its 100th episode airs July 1.

Ingredients

- 4 steaks, 7 oz. each
- 2 tsp. sweet hot smoked paprika
- 2 tsp. pink peppercorns, lightly crushed
- 1 glass red wine
- 6 to 7 tbsp. olive oil
- 2 red peppers
- 4 garlic cloves (unpeeled)
- 2 lemons
- Salt and pepper

Directions

1. Lay steaks in shallow dish and sprinkle with 1 tsp. paprika and peppercorns. Pour on wine and 2 tbsp. olive oil, then cover and leave to marinate in refrigerator for at least 1 hour. Return to room temperature before cooking.
2. Heat oven to 400°F. Toss whole peppers and garlic cloves with 2 tbsp. olive oil and roast on baking tray for 20 minutes or until skin is scorched and wrinkled. Leave to cool on tray.
3. Squeeze garlic pulp out of skins into food processor. Peel roasted peppers, slice open and remove seeds, then add to food processor. Blend to a smooth paste.
4. With motor running, add 1 tsp. paprika, juice of ½ lemon and 2 to 3 tbsp. olive oil, processing to emulsify. Add salt and pepper to taste.
5. Cut remaining 1 ½ lemons into thick slices, removing any seeds.
6. Cook steaks and lemon slices on grill over high heat for 3 to 5 minutes on each side, or according to preference. Allow to rest on warm plate for 5 minutes. Serve topped with lemon slices and accompanied by sauce.

MIND GAMES

Ever wonder how actors visualize the CGI creatures in films like the just-opened *Jurassic World*? **Brian Tee**, who plays Hamada, filled us in at The Grove in L.A. "Technology's changed so much. You're looking at dots or at tennis balls," he explained. "Or in my case, they'd point to a branch and say, 'See that leaf? That's your sight line.' " Guess Brian's got a good imagination!

Brian said that his *Jurassic World* costar Chris Pratt lives up to the hype: "He's the guy people think he is. He's just that cool."

Dania said season 3 is "honestly the best yet."

UP TO NO GOOD

The season 3 premiere of *Devious Maids* revealed the aftermath of the drive-by shooting that closed last season with a bang — but there's still plenty of intrigue to come. **Dania Ramirez**, who plays Rosie Falta, told *OK! TV* the show's writers "keep you on the edge of your seat," and promised "a lot of love, a lot of sex" and "men with their shirts off."

A SWEET START

OK! TV caught up with breakout singer **Bebe Rexha** at iHeartRadio's Summer Pool Party in Las Vegas on May 30, where she performed "Hey Mama" with **David Guetta** and **Nicki Minaj**. Bebe said her journey so far has been surreal: "A couple of years ago I was sitting at my parents' house, and now I'm here! Dreams do come true."

Star Sharon Horgan said, "Rob's wife and my husband inspired us."

LIFE, INTERRUPTED

OK! TV sat down with the stars of *Catastrophe*, a comedy series now streaming on Amazon Prime that follows the trials of an Irish woman and American man after their business-trip fling results in a pregnancy. "We wanted it to be funny," **Rob Delaney** said, "but also to show that things get messy."

SARAH HYLAND MODERN BEAUTY

Like her *Modern Family* character, Haley Dunphy, **Sarah Hyland** knows a thing or two about style. We caught up with the starlet and chatted indispensable products and advice, plus the trend she's loving for summer.

What are your must-have beauty products?
I've been using Hawaiian Tropic for a long time — Island Sport makes your skin feel good, and it doesn't come off, even when you're sweating. Diorshow Iconic Overcurl Mascara makes you look like you're wearing falsies, and Neutrogena Makeup Remover Cleansing Towelettes get everything off.

What's the best beauty advice you've ever gotten?
Always keep your skin and face protected. If you don't have a good base, you can't really hide that. And don't forget to blend foundation into your neck so you don't look like a clown.

What new trends are you trying now?
White nail polish. It feels very Long Island.

EMILY'S VAMPY SUMMER MANI

This time of year, bright polish hues are the status quo, but dark colors, like **Emily Ratajkowski**'s bordeaux, can lend a sophisticated and unexpected twist. "When wearing a darker shade on the nails, keep the rest of your look on the medium to light side in the summer," says celebrity manicurist Gina Edwards. "Otherwise it can look too gothic." She suggests lighter-colored fashions (think: a cream-and-white palette) or warm-weather styles, like low-cut V-neck tanks and shorter hemlines.

WHAT TO WEAR NOW!

STARS SHOW US HOW TO ROCK SUMMER'S HOTTEST LOOKS

BRIGHT COLORS

Putting together a colorblock ensemble can be tricky, but in the right shades, you'll shine! "**Beyoncé** pulls off the look by keeping the colors within the same warm color family," says Jacqui Stafford, author of *The Wow Factor*. For a flawless summertime finish like Queen Bey's, brush some bronzer on your face and gams.

Monstone Ella Top, **Rebecca Taylor**, $225; rebeccataylor.com. Sun Bunny Natural Bronzer, **Too Faced**, $30; Sephora. Mini Taylor Embossed Python Bag, **Gigi New York**, $275; giginewyork.com. Alyx Skort, **tbagslosangeles**, $137; tbagslosangeles.com. Licorice Too Pumps, **Kate Spade New York**, $328; nordstrom.com.

PLUNGING NECKLINES

The décolletage is summer's hottest accessory. "**Karlie Kloss** pulls off the deeply plunging neckline of her Diane von Furstenberg gown by keeping the rest of her ensemble demure," says Jacqui. "Bare one erogenous zone at a time and keep blingy accessories to a minimum." A deep red lip completes the sultry look.

Lindsay Wrap, **Endless Summer**, $189; shopendlesssummer.com. Diamonds on Diamonds, **Laurel & Bleau**, $300; laurelandbleau.com. Colour Riche Collection Exclusive Lipcolour in Blake's Red, **L'Oréal Paris**, $9; drugstores (available in July). Cici Clutch, **Tala**, $550; designsbytala.com. Sandals, **Mystique**, $170; shopmystique.com

COOL CULOTTES

Calf-grazing, wide-leg pants are trending, but be advised: "They're tough to pull off if you're petite," says Jacqui. "The key is to pair a slouchy style with a simple blouse and nude heels, not flats, like **Gigi Hadid** has, so that the pants' silhouette is the star of your look." If Gigi's cobalt-blue bottoms are too loud, opt for more muted denim. Decorate your digits with a mod ring and a fresh mani.

White Lace Dot Shell, **Banana Republic**, $80; bananarepublic.com. The Pearl of Guadalquivir Ring, **UNOde50**, $125; unode50.com. Moto Clean Hem Culottes, **Topshop**, $70; topshop.com. Color Show Nail Lacquer in Blue Bombshell, **Maybelline New York**, $4; drugstores. Norida Pumps, **Vince Camuto**, $98; vincecamuto.com.

MOVE OF THE WEEK: LOW FLIER

IMPROVES BALANCE, STRENGTHENS QUADS AND GLUTES AND INCREASES MOBILITY IN ANKLES

STEP 1: Place all your weight onto your right foot and sink into a deep knee-bend, shifting your hips back until your thigh is close to parallel with the ground. Engage the core to stabilize yourself.

STEP 2: Extend arms back by your sides, engaging triceps and drawing palms toward each other. Hold for 5 seconds, then return to standing.

STEP 3: Repeat the deep knee-bend, but this time extend arms forward by ears. Hold for 5 seconds, then return to standing.

STEP 4: Perform 10 reps on each side. Aim to complete 3 sets, resting in between each one.

ROGUE

Wed., June 24 at 9 PM ET on DirecTV's Audience Network

DirecTV's original police drama is back for season 3, with cop turned FBI handler Grace Travis (**Thandie Newton**) convinced that security consultant Ethan (**Cole Hauser**) holds the key to solving her son's murder — and even to her own survival. When he's sent to Chicago to infiltrate the firm of notorious power broker Marty Abrams (**Richard Schiff**), Grace goes rogue and follows him. The two work the case together, all the while trying to find her son's killer.

SCREAM

Tues., June 30, at 10 PM ET on MTV

The horror genre's small-screen takeover continues as MTV brings an adaptation of the hit film franchise *Scream* to a whole new generation. The series kicks off with the brutal murder of a popular teen (**Bella Thorne**) at Lakewood High School. While some townspeople suspect the incident could simply be a crime of passion, the investigation led by Sheriff Hudson (**Jason Wiles**) stirs up memories of a killing spree from the past, leaving many to wonder whether the town could have a copycat killer on the loose — one whose grisly handiwork is far from finished.

Could this be a death scene more memorable than Drew Barrymore's?
